element 5

Value and Shading

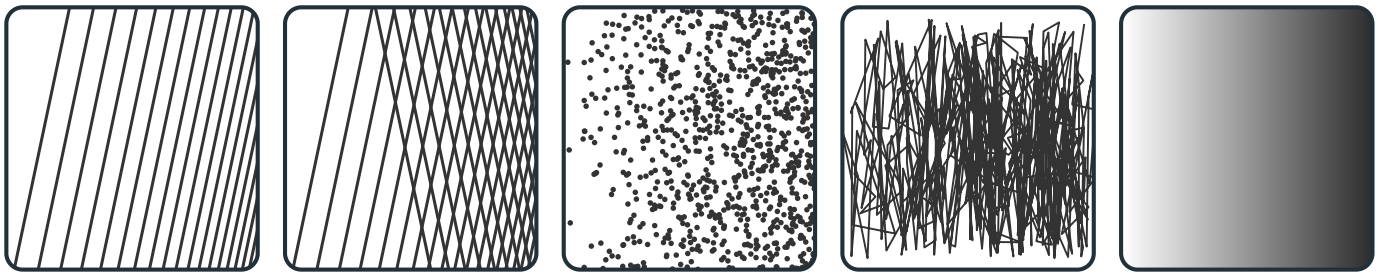

Name _____

Date _____

Value scale. Leave box 1 white. Press harder in each box until box 7 is as dark as your pencil goes. Box 4 should sit halfway.

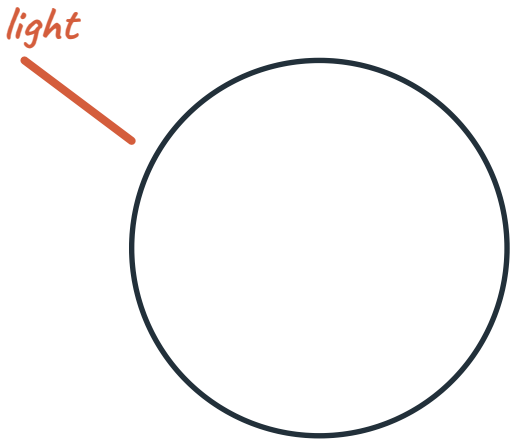

1 white	2	3	4 middle	5	6	7 darkest

Five ways to shade. Copy each technique in the empty box under it, light on the left, dark on the right.

Hatching	Cross-hatching	Stippling	Scribbling	Blending

Shade a sphere. The light comes from the top left. Leave a small highlight, darken the side away from the light (the core shadow), keep a thin lighter edge at the bottom (reflected light) and add a cast shadow on the table.

Teachers, librarians, homeschool families and groups may print and copy these sheets for their students. Please don't sell them.
