fold / score
top half = back of the card

Sentiment strips: cut out and glue inside

Wishing you joy	Joy to the world
Merry and bright	Peace, love and joy

Free for personal, classroom and library use, and for handmade cards you sell. Please don't share or sell the files themselves.

JOY word card

7.7 x 3.0 in folded | 15-20 min | Cardstock, 65-80 lb (176-216 gsm)

You need

- Cardstock
- Craft knife and cutting mat for the letter openings (or a cutting machine)
- Scissors
- Bone folder
- Glue stick

CUTTING MACHINE?

Upload the SVG (Cricut Design Space, Silhouette Designer Edition and up) or the DXF (Silhouette Basic). Set the dashed lines to Score, then Attach them to the cut shape.

Steps

1. Print at 100% on cardstock.
2. Cut the openings inside the letters first with a craft knife.
3. Score the dashed fold segments at the top of each letter.
4. Cut around the outside of the word.
5. Fold the top half back. Cut a sentiment strip from the bottom of the sheet and glue it inside.

Tip: Glue a piece of contrasting cardstock behind the letter openings on the front so the counters show a pop of color.
